ACTIVITY REPORT 2025

THE NEED

Prime Minister Modi views India's youth (Yuva Shakti) as the driving force behind a developed India ("Viksit Bharat"), emphasizing their role in innovation, entrepreneurship, and cultural pride.

Unfortunately, India's youth has been misguided, untrained and non-contributing towards the society. According to statistics, 75% youth lack employment skills and only 26% of them participate in social initiatives. Students and young professionals often become victims of smoking, drugs, depression, crimes and ending their lives with suicide.

SUICIDE RATE IS HIGHEST AMONGST YOUTH

CRIMES DUE TO DRUGS INCREASING IN INDIA

OUR MISSION

Our mission is two-fold: to empower young people with the skills, education, and resilience they need to thrive, and to channel their energy into community development and social transformation. In this way, EmpowerNext creates a cycle of empowerment: youth uplift themselves, and in turn, uplift their communities.

We are on a mission to uplift communities and improve lives through:

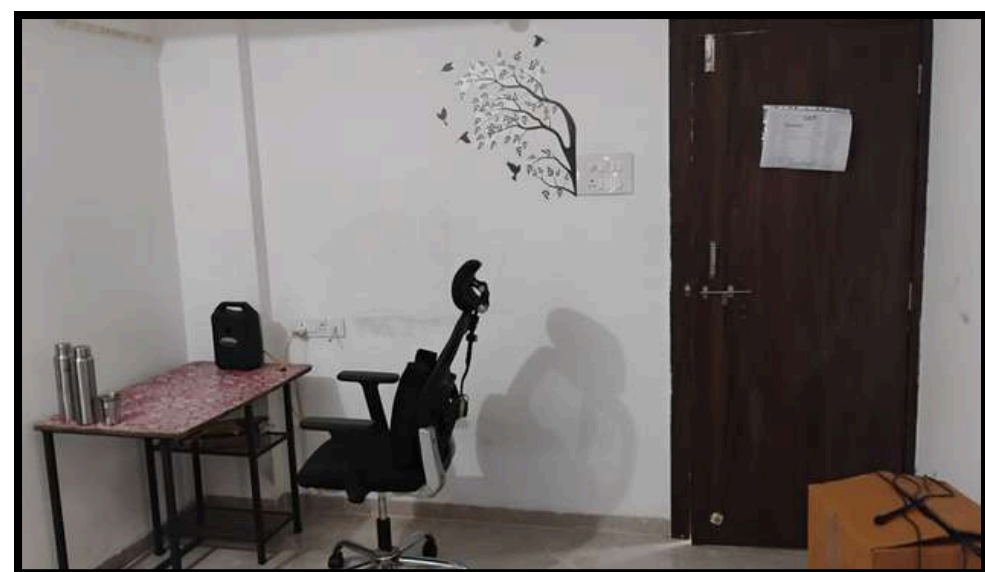

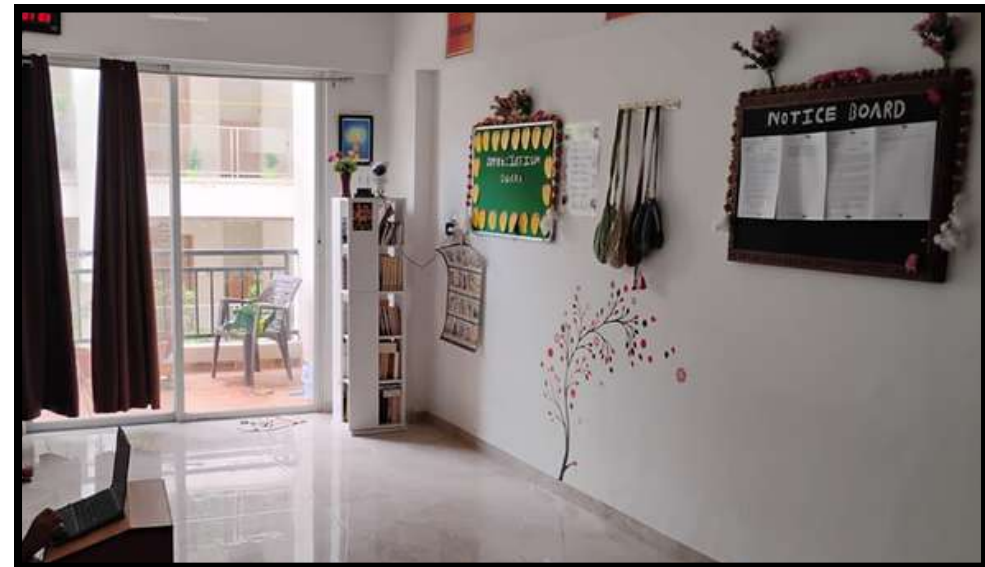

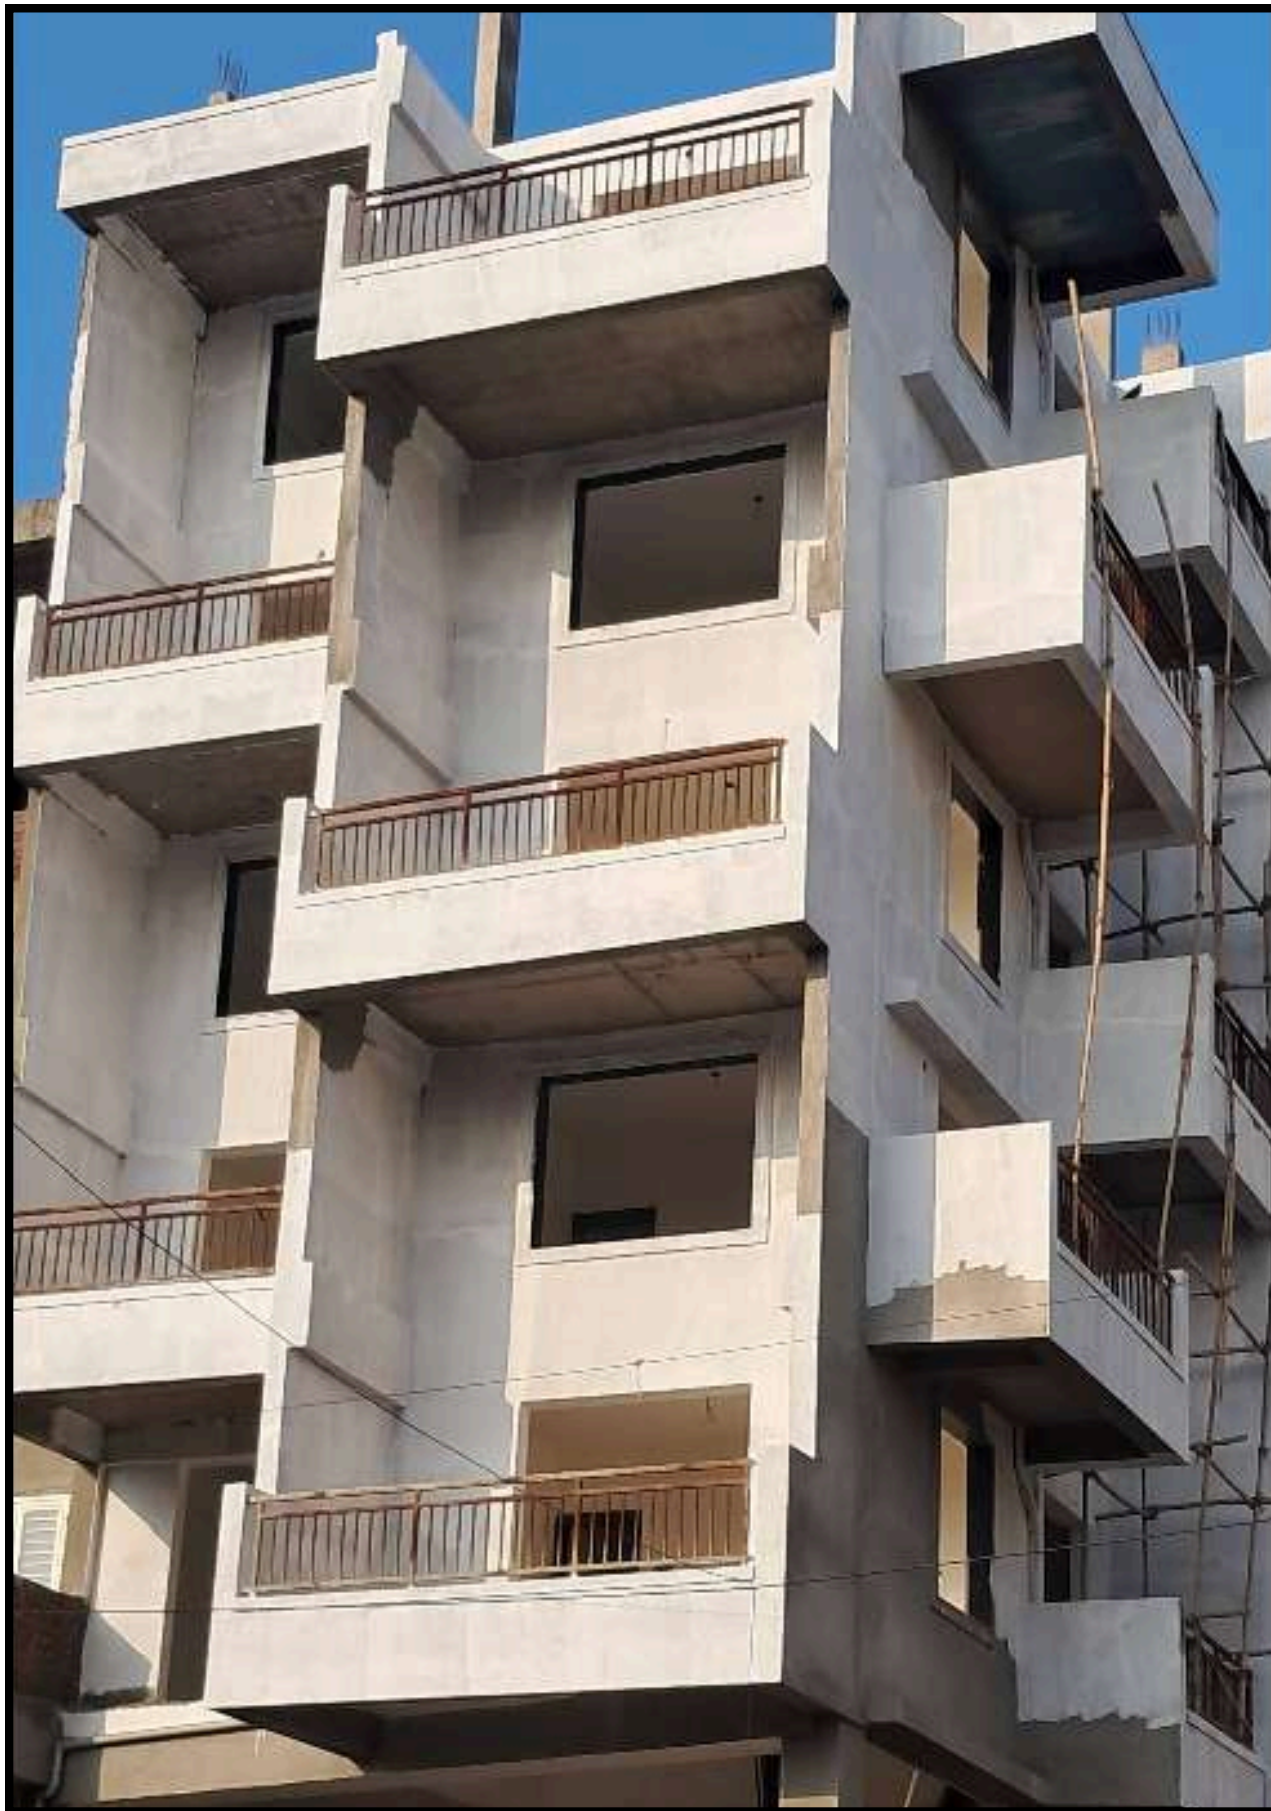

- **Education & Skill-Building:** Promoting learning, vocational training, and employability
- **Mental Health Awareness:** Counseling, campaigns, and support for emotional well-being
- **De-addiction & Rehabilitation:** Outreach programs and structured support for recovery
- **Social Welfare & Relief:** Food, clothing, healthcare, and disaster relief for those in need
- **Environmental Protection:** Tree plantations, waste management awareness, and eco-friendly initiatives

NATURE'S WALK

Nov 2025 | Shive

One day outing planned to Shive for students of Pune at a serene natural habitat campsite – an experience that turned out to be much more than just an outdoor activity. Amidst the nature, students not only connected with the environment but also engaged in a spiritual reflection on the '*Qualities of a True Hero*'.
